ENTER THE BIONICLE PRISONERS OF THE PIT BUILDING CHALLENGE!

The Pit below Mahri Nui is filled with the worst criminals in the BIONICLE universe – beings whose acts are so awful they have been banished from civilization for all time. But what do these beings look like? What are their powers? And how have they survived so long in this hostile place? ■

Build a LEGO model of one of these dangerous beings and you could be one of five people to win a LEGO model of your choice worth up to \$100!

How to Enter

- 1 Build a LEGO model of a prisoner of the Pit using pieces from your BIONICLE collection.
- 2 Take a color photograph of your model. Only color photos and photo quality print-outs will be accepted – no Polaroids, please!
- 3 Write an essay of 500 words or less describing your model. Include the name of your creation and its description, along with your own name, age, mailing address and telephone number.
- 4 Mail your photograph (don't fold it!) and essay to:

Open to LEGO BrickMasters only!

Mini Models, Major Fun!

These LEGO Creator mini model sets might be small on the outside – but inside, they are filled to bursting with wild animals, amazing robots, jet planes and wild vehicles.

Here's some fun things you can do with these Mini Model sets:

- Combine all four sets into a maxi-mini model!
- Write a story featuring every set on this page. What would happen if they all met?
- Using pieces from your LEGO collection, build a "world" for each set – a jungle, an airport, a construction site, and a future city!
- Mix and match – build a robot with a monkey head, or a fork lift that flies! ■

Build the **ZYGLAKI!**

The Zyglak are a reptilian race accidentally created by the Great Beings out the remains of the process that brought the first Matoran villagers to life. The Great Beings were seeking to create intelligent organisms called kрана, but found that some of the material they used turned to Zyglak instead. Shunned by their creators and hated and feared throughout the universe, the bitter, savage Zyglak retreated to the dark places. There they wait, brooding over their fate and hating the Matoran and all who honor Mata Nui. Those who encounter them rarely survive to tell others the tale. ■

STAR WARS™ BUILDING STEPS

GENERAL GRIEVOUS' JEDI HUNTER!

The cunning General Grievous has made use of many different vehicles in his mad pursuit of the Jedi Knights. The *Jedi Hunter* is one of the most feared. With its adjustable cockpit and wings, it can quickly convert from hyperdrive-equipped starfighter to landing mode, then into a deadly armored walker. All three modes are armed with powerful twin blaster cannons and a rotating ion cannon turret to immobilize and capture fleeing targets. ■

You can build the *JEDI HUNTER* using pieces From #7656 General Grievous™ StarFighter and #7657 AT-ST™.

Enter the LEGO Build Your Dream House Challenge!

The world of MINDSTORMS meets the atomic particle as the 2007 *FIRST* LEGO League (FLL) goes on a Nano Quest! This year's *FIRST* Championship and FLL World Festival will be held April 12-14, 2007, at the Georgia Dome and Georgia World Congress Center in Atlanta, GA.

Nano Quest invites the FLL teams to explore the world of science and technology that starts at the atomic level and leads to the things we do and use every day. This new frontier of science is expected to impact everything from medicine to computers to the environment. ■

FLL will host 104 teams from around the globe this year. Teams will participate in a 2 ½ day tournament that showcases their MINDSTORMS creations and nanotechnology research projects.

The result of an alliance between *FIRST* and the LEGO Company, FLL encourages students to solve real-world engineering challenges and learn to make positive contributions to society. For more information, check out www.firstlegoleague.org.

Miniland LAS VEGAS

Coming to LEGOLAND!

LEGOLAND California is about to embark on the biggest Miniland expansion ever, with the addition of Miniland Las Vegas in spring 2007!

Miniland Las Vegas will feature the world-famous Luxor Las Vegas, New York, New York Hotel and Casino, Excalibur, Mirage, Treasure Island, Tropicana, MGM Grand, Venetian, Stratosphere and two iconic structures of Paris Las Vegas, the balloon sign and Eiffel Tower. "The Strip" at LEGOLAND also features a miniature wedding chapel, monorails and real life sounds recorded in Las Vegas.

This new addition to Miniland is made of over 2 million LEGO bricks and took over 16,000 hours to build! The 20-foot tall Stratosphere is made of 1,250 LEGO bricks, and the Venetian is made of more than 20 individual models. Each hotel has amazing light and sound features, replicating the famous lights of the Nevada city.

Miniland Las Vegas features lots of fun models that recreate scenes found in the actual city, including the battle of pirate ships in front of Treasure Island. Interactive features include an exploding volcano in front of the Mirage, fireboats squirting water in front of the New York, New York, a working version of the sling shot ride at the top of the Stratosphere and a slot machine at the Tropicana.

Check out Miniland Las Vegas at LEGOLAND, opening March 29, 2007!
